

Stepney Primary School

A Small School With Great Expectations

Homework Schedule

2011 - 2012

At Stepney raising the achievement and basic skills of pupils and ensuring that they reach their full potential is the responsibility of all staff.

HOMEWORK Schedule 2010-2011

We are asking parents to work with us to raise achievement.

As a school we value the support that parents give their children at home. It is our view that parents and teachers should work together to support our children's progress. Beginning in Nursery and continuing through the school, the home/school partnership is seen as a very important link.

To inform parents of the type of activity being undertaken in each class, a framework of homework activities has been set up and is reviewed on a regular basis.

Parents will be given a copy of this framework and encouraged to support their children with some kind of reading activity on a daily basis as well as any other home work.

Staff will always be available to discuss any difficulties that arise. Workshops will be organised to talk through issues that are of interest to parents.

Foundation Stage Unit

F1 & F2 class – Mrs Hudson/Mrs Carmichael & Miss Pullen/Ms Heidstra

Each child will receive:-

Weekly reading homework (Reception children only).

Basic skills activity packs (These can be changed weekly on a Friday morning) or basic skills homework.

Cross curricular homework.

Children may also be asked to bring in things from home for 'show and tell' to fit with the current theme.
