

School Council Minutes – 15.9.10

Present: Mrs. Rodgers and all year groups

We discussed the role of a school councillor, and how important that role is.

Councillors have agreed to monitor the ‘Buddy Bench – Friendship Stop’ and to remind their year group how we use them. Further discussions on this at next meeting.

Some councillors are concerned that the quiet area in the playground is not being used as it should be eg.

- Plants are being broken
- Children throwing equipment
- Children standing on the seats
- Playing catch – tig

All councillors agreed that it has taken Mrs. Bailey a long time to get our ‘garden’ looking so nice. So they thought that if they designed a poster (to be displayed in the area) it would then remind children on the type of behaviour expected.

Councillors met again on Tuesday to discuss this further, and it was decided that each year group design a poster for a different area.

The councillors are organising this and will bring back to the next meeting.

Next Meeting 24th September
