

## **School Council Minutes – 23.3.11**

**Present:** Mrs. Rodgers, all School Council, Youth Parliament members, Miss Atkinson and Mr. Browning.

At the last meeting Youth Parliament members discussed for each class to design a poster regarding E Safety.

Today they asked Miss Atkinson and Mr Browning to help them achieve this. Suggestions were made and eventually agreed on a design. Councillors will do a format and pass onto the Teachers.

At previous meetings the toilets had been a concern and although they have improved year 4/5 councillor has requested to Mr. Browning that air fresheners be replaced regularly.

The Golden Table at lunch time will be starting this Friday; Councillors will explain to Teachers and children how this will work.

Councillors would like a ‘Stars in their Eyes’ competition.

Mr. Browning thought that this was a good idea and that maybe we should hold it the same week as Stepney 125.

There will be more information regarding this at a later date.

Parts of the Adventure Play Area are closed, councillors asked Mr. Browning and Miss Atkinson the reason for this.

Mr. Browning explained because it is very unsafe he is waiting for some Companies to give him quotes to replace the equipment. He will keep councillors informed on the progress.

Mr. Browning has suggested to councillors that they invite the International Councillors to their next meeting; all agreed and thought it would be a good opportunity to share information.
