

## **School Council Minutes Thursday 30<sup>th</sup> June 2011**

**Present:** Mrs. Rodgers and all year groups

There has been lots of positive feedback to the councillors from pupils regarding Stepney 125 week. This includes Stepney's Got Talent competition, children have requested for it to be an annual event.

Toilets still seem to be an issue upstairs, children looking over toilet doors whilst in use.

It has been noted that someone has been picking the strawberries, taking a bite and then placing them in the girls downstairs toilets. Councillors discussed why these strawberries shouldn't be eaten and are going to feedback to their year groups.

Councillors have enquired about the adventure play area and have requested Mr. Browning to attend the next meeting regarding this.

They are also concerned that the Buddy Bench is in need of repair, the brackets have either broken or worked loose and children are moving and lifting the bench whilst others are using it.

Councillors have also requested Playground Buddies to attend the next meeting.
