

## **School Council Minutes 9.11.11**

**Present:** Mrs. Rodgers and all year groups

On Monday School Councillors met with some adults from the Hull College, Mrs. Carmichael and Miss Pullen. The purpose of the meeting was to discuss some designs for the Early Years play area.

Lots of suggestions were made; some were wiggly road, rocket hopscotch, height giraffe and shaped blackboards on the wall under the canopy. Mrs. Carmichael drew a plan of where they would like the activities to be.

All the work will be completed by the adults from the Hull College no later than 23<sup>rd</sup> November.

Councillors started the Class Rules posters today. Mr. Browning wanted Councillors to design the posters using crayons and felt tip pens, hopefully these will be finished by next week.
