

School Council Minutes 7.12.11

Present: Mrs. Rodgers and all year groups

Mrs. Holmes has agreed to the playground equipment being used on a lunch time, providing the weather is fine. The issues with packed lunches being shared or taken have been resolved.

Councilors were very happy regarding Children in Need, everyone had an enjoyable day.

Councilors discussed Mr. Browning's concerns over how many detentions there have been lately.

Some Councilors thought there were so many because children get bored when practising Christmas productions having to sit for a long time. Others disagreed and said sometimes children don't mind having detention so, maybe they could write letters of apology or have extra homework.
