

School Council Minutes 19.9.12

Present Mrs. Rodgers and all year groups

Year 6 Councillors chaired the meeting

E Safety

Thanks to everyone who made suggestions on how you all stay safe and how adults keep you safe. All year groups made a contribution saying similar kind of things.

Suggestion Boxes

These have been ordered. In the meantime both year 4/5 classes have made their own and brought it to the meeting full of suggestions for after school clubs.

Break-times

All children are allowed to use the equipment every day which is brought out in the bags.

Table tennis is for the year group on adventure (bats and ball live in the small year 6 room.)

As from this week year 6 will be the only year group using the basketball court as they have easy access. They will use it every day apart from their adventure day. The rest of the school will use either the front or back playground and the adventure area.

A new rota will be issued.

Can teachers please remind children of the dangers playing under and around the table tennis table?

Water Bottles

These have arrived and each year group should now have received them. Members have suggested that they could be responsible for filling and emptying them.
