

School Council Minutes 6.03.13

Present: Mrs. Rodgers, all year groups and pupils from the International Pupil Council

Year 6 members chaired the meeting.

Councillors discussed Mr. Brownings feedback from last weeks meeting.

We will be holding a traditional egg decorating competition during enrichment times. School will be providing the hard boiled eggs and Mr. Morfitt will be judging each year group. Members wrote a letter to Gordon at Tesco's requesting any donations for prizes, we are awaiting a reply.

Lots of suggestions have come in for new equipment for our breakfast club these include: Bop It, Connect Four, Guess Who, Dolls, Stickle Bricks, Drawing equipment/ reading books for older children, Quiz books (word search) cars, a garage and music with the lights on maybe Fridays.

Issues have arisen again regarding the downstairs toilets.

The holes in toilet doors where the locks have been removed need blocking up so children do not look through them when the toilet is in use.

Could the timetable near the Adventure Play Area be updated?

Councillors have come up with the idea of using our playground tubs for children to put their coats in whilst at the disco; this will prevent confusion at the end of the night. Another meeting will be held tomorrow lunchtime for members to design Red Nose Day Posters.

A member from our International Pupil Council joined our meeting and feedback from their meeting last week. They

discussed what the schools have been doing for the international cause and explained that an international service volunteer has asked for their help. Francesca is going to work in West Africa in April, but needs to raise money to help fund her trip. Members came up with quite a few ideas but not enough time to do it in, so eventually decided to donate some of the entrance fee money from our Easter Disco to her fund.
