Suggestions:

Could we have new basket ball hoops fixed onto the walls of the front and back playground, plus on the basket ball court?

Mr Browning: "I've written out an order for one on the back playground but not for the netball court. Please see later comment"

Could the playground equipment be replenished again?

"Yes. Please ask Mrs Rodgers to get a catalogue and look through it to order some equipment."

Councillors would like all children to take care of our equipment lots of things are getting broken and balls are going missing.

Members would also like Mr Foston to look at the painted goals on the front playground as the paint seems to be coming off.

"I can do better than that! Next week, some workmen from the council are going to put up some big weather boards at each end of the netball court and I'm going to ask Mr Foston to paint some goals on this, as well as on the front playground. The netball court will therefore double up as a superb mini football arena. In the summer I had the lines repainted so they can be used for football as well as for netball. I'm not going to buy basketball nets for this area as, unfortunately, they are likely to be broken by other people."
