

## School Council Minutes 16.10.13

Present: Mrs Rodgers and all year groups

Mr Browning has placed an order for two new basket ball hoops for the back playground. New equipment will be ordered to replenish the bags this half term.

The council are going to put some large weather boards up at each end of the netball court with goals painted on them on Friday. The court will then double up as a mini football arena. After careful consideration, Mr Browning will not be ordering any basketball nets for this area as unfortunately they are likely to get broken by other people.

The Halloween competition will be done in school before next Friday. Mr Morfitt will be judging the entries; there will be 2 prizes for each year group.

Members are requesting some Halloween music at the disco such as Thriller and Monster Mash. Also would it be possible for an adult to take some photographs?

Mr Browning's reply: "I'm sure this can be arranged. What do you want the photographs for? The website or to buy?"

Could it be on our news letter that children are allowed to change into their costumes in 'golden time'?

Mr Browning's reply: "Yes, I'll put it on"

Children are asking for copies of their login and passwords for the Learning Platform, Bug Club and My Maths, as many of them have forgotten or lost them. Members are saying because of this they are unable to use these sites at home.

Mr Browning's reply: "Teachers should be able to provide details of the Bug Club and My Maths logins to their pupils. Unfortunately, I cannot run off a list of passwords for the Learning Platform but if children ask their teacher, then they in turn can arrange for me to come and sort out passwords."
