

## School council Minutes 29.1.14

(with replies & comments from Mr Browning)

**Present:** Mrs Rodgers and all year groups

Suggestions:

Could we start the Stepney Shop up again? Maybe to sell dried fruit at break time. This sounds like a good idea. Have a good think about other things you might like to sell.

Everyone enjoys D.T. is it possible to organise a whole school craft day in the summer term.

This sounds like a wonderful idea. Miss Atkinson had some craft sessions for parents before Christmas and made the elephant calendars that have gone on the Kidblog site. I'm sure we will have other ones in the future. Mrs Warcup is the DT coordinator for the school. I would suggest you put some suggestions to her or ask her to join one of your meetings.

Are children allowed to take their own reading books outside at break and lunch times?

I can't see why not. They would have to be responsible for looking after their books though.

Children would like to use the I Pads more during lessons.

Staff are busy getting used to the ipads but please feel free to ask them. Make sure you don't pester them too much, but they are there to be used. You will be pleased to note that in the last week of this half term, Mr Andrews will be working with each class on some exciting new programming skills with the ipads.

Reception children are requesting more clubs for them to attend.

What sorts of clubs would they like?

Looking forward, councillors would like an Easter disco, with an egg or chick hunt for an Easter activity.

Please ask Mrs Rodgers to look at the calendar and think of a date. I would be grateful for the School Council to make a final decision on the different activities and to start to design some posters advertising them.
