## Hull City of Culture Launch 2017 Stepney's Successful Bid

We are highly delighted to announce some truly exciting news for our school. On Thursday 22nd September it was the launch of the first season of the Hull City of Culture 2017. As part of HCOC17, bids have been invited for 'Creative Community' grants. Over 650 bids were put in from across the city for a wide and varied selection of projects. Only 60 were successful and Stepney has been chosen as one of these 60! This is a major triumph for us. So... what is the project we are going to undertake?

## Stepney's Station Statues

We are going to produce a major art installation across the road at the site of the old Stepney Station. For the last couple of years, Mr Browning has been on a board a committee, which has successfully won a National Heritage lottery grant to help renovate buildings along Beverley Road between the Hull Daily Mail buildings on Blundell's Corner up to the junction with Queen's Road. One of these buildings is the old station building and the platforms, which have been overgrown with bushes and trees and have long been forgotten.

Inspired by the wonderful Lissett Air Memorial Statue in the East Riding, we are going to produce life-size metal statues of people who worked on and used the railways and these are going to be installed on the platform, once it has been suitably cleared.

W. Campbell's of Harpings Road in Hull manufactured the Lissett Statue as well as other striking ones such as the Land Army statue in Inverness. They are going to produce the statues from our designs. Our pupils and staff are going to be responsible for researching the history of the station; producing work to go on new Heritage History Boards and then design the actual statues. All being well, this work should be finished for the second HCOC17 season, entitled 'Roots and Routes' in April-June 2017.

As Beverley Road is one of the main routes into Hull City Centre, the statue will be seen by thousands of people over the years as they travel to and from the centre and it will be a lasting legacy to the work of the pupils and staff of our school.

Stepney Station is a listed building, currently owned by the 'Anatolian Society' who we are working with on the Heritage Boards.

The amazing Lissett Air memorial is well worth a visit, if you are travelling along the A165 road to Bridlington. This used to be a WWII airfield, but is now a Wind farm. Each of the huge wind turbines is named after one of the bombers, which were stationed at this most westerly airfield in the UK. It is a fitting tribute to the brave airmen who lost their lives in the war.

Both this and the Land Army memorial were manufactured by the same Hull company. Mr Browning and Mr Cameron have already visited the factory, which is next to 'Little Monkey's' to talk with the Managing Director, Brian Campbell. Once we've designed the statues, they will make them for us out of 6mm steel! Our designs will represent people who worked at the station and members of the public who used it. In the process, we are hoping to build up a picture of Stepney Station in it's heyday!

## Call for Information

As the first part of this project, we would be interested in anyone who has stories, anecdotes, photos, pictures or objects from Stepney Station that they could share with us. We would like to tell their story! If you have any information at all, then please contact Mr Browning. You may have relatives who have a tale to tell about the railway.

This week, we had an unannounced health and safety inspection of our new kitchen. The inspector was very pleased with our new set up and the thorough work that our chef Alex, and his team have been doing to ensure the hygiene in the kitchen is given top priority. We were awarded the top rating. What a start! Well done to Chef and the ladies.
